WHY CHOOSE HONGDEFA MACHINERY

◆ OVER 35-YEAR EXPERIENCE

◆ 11-YEAR ALIBABA GOLD SUPPLIER

◆ ADVANCED TECHNOLOGY&DESIGN

◆ ZAMBIA/ETHIOPIA BRANCHES

◆ EXPERIENCED TECHNICIAN TEAM

◆ DOOR-DOOR AFTERSALES SERVICE

❖ Modernized professional factory with over 35-year experience

The head office of Shijiazhuang Hongdefa Machinery Co.,Ltd is located in Wumashan industrial area, Zhanhuang County, Shijiazhuang City, 4hours driving From Beijing.

Hongdefa has approximately 120 workers, a manufacturing factory 50 000 square meters, and 5 000 square meters of production workshop, 6 000 square meters warehouses, 1 000 square meters of office space.

- ❖ **Patent for Degerminator : One important cleaning machine in maize milling machine, it will take germ out for super fine super white maize flour.**

❖ **Whole life after-sale services**

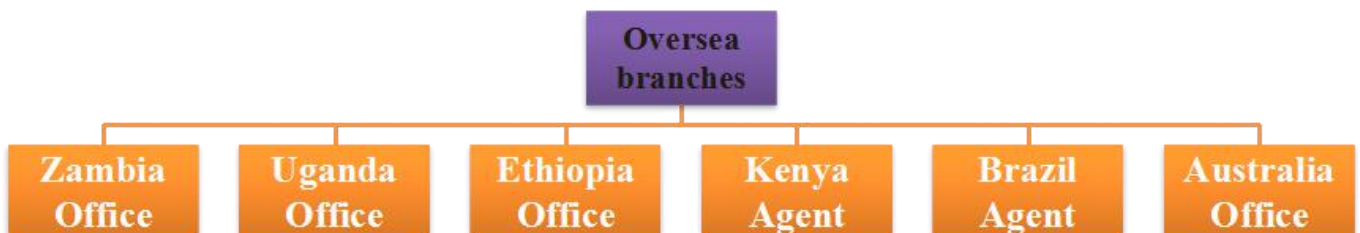

Since 2007, we opened the branch office in Lusaka of Zambia, where has a big storage room, easy access to some machines and spare parts for Zambia customers.

The manager Mr Dongpu Guo lives in Lusaka all the year, and if any needs, he can go to visit customers in Zambia and see the site of land or workshop building and give some good advice to customers.

We have installed many different capacity of FLOUR milling plant in Lusaka, Kitwe, Mongu, Mansa, Chipata, Solwezi, Kabwe etc. Supplied machines to APL milling, N.R. Investment Ltd, Jimbara milling Ltd etc.

In 2017, we investment one Factory in Addis Ababa of Ethiopia, we plan to produce flour milling machine, maize milling machine in Ethiopia. And produce spare parts for all Ethiopia customers.

Other offices in Kampala of Uganda, Sydney of Australia, and we have agent from Brazil and Kenya.

➤ **Pre-sales Consultation**

We can design the processing technology according to customers requirements.

SHIJIAZHUANG HONGDEFA MACHINERY CO., LTD

Address: No.388 NORTH JIANHUA STREET SHIJIAZHUANG, HEBEI, CHINA.

Post Code: 050034 Tel: 0086-311-85528086 Fax: 0086-311-87910068

➤ Equipment Installation

Our professional technicians offer the guidance of installation, commissioning the machines, build up the workshop building and silos, and we can also help to reform the old workshop building as per customers' condition.

➤ Training

Our professional technicians provides training workers of customers' factory, which is helpful to guarantee the normal operation of the equipment and reduce its downtime. In this way, the quality of finished products will be guaranteed.

➤ Fixing and Maintenance

Our professional technical team can help solve any problem that occurs in customer's flour production efficiently. We can do regular examinations to the equipment and offer you guidance on the equipment operation if you need. Our staff in Lusaka Office & Addis Ababa Factory can go to see your site and machines directly and give some advice face to face.

➤ Spare Parts Supply

Normally we will send you some wearing parts available for two-year operation of the equipment in our first order. When you are in need of new spare parts in the future, we can send directly from Lusaka/Zambia Office or Addis Ababa/Ethiopia timely where have put a big storage room and delivery door to door.

❖ Experienced technician and sales team

			
Mr. Huang More than 30 years experience, have stayed in South Africa for 3 years studying the African FLOUR wheat & technology.	Mr. Chen More than 40 years milling experience. Top Rank designer of the milling machine in China. Professor of Henan University.	Mr. Ma More than 30 years experience. Have guide designing and manufacturing many sets of milling machines for different markets.	Mrs. Rita More than 13 years experience for selling, have studied FLOUR wheat mill technical in South Africa.
